## About Veer Kunwar Singh University, Ara, Bihar

Veer Kunwar Singh University (VKS University), Ara is a public university situated in Arrah, Bihar, India. It bears the name of the iconic freedom fighter and national hero Veer Kunwar Singh. One of the top institutions in the state, it was founded under the Bihar institutions Act of 1976. The institution has made important contributions in a variety of subjects, including science, the humanities, and the social sciences, and is regarded as a leading center for higher education and research. VKS University has continuously promoted knowledge generation and distribution while promoting human capabilities and intellectual development through its active academic programs and extension initiatives.

## Glimpses of Mahila College Dalmianagar, Rohtas

Mahila College Dalmianagar, located on the bank of the sacred River Sone in Dehri-Dalmianagar, Rohtas, serves as a key point on the Indian Railways route connecting the national capital, Delhi, to the rich historical and cultural heritage of India. The town reflects a blend of rural traditions and the vibrant spirit of the nation. The institution was established on February 6, 1965, as a "Night Tutorial Mahila College" in the industrial area of Dalmianagar. On 1985, the night college was upgraded to a full-fledged government degree college and became a constituent unit of Veer Kunwar Singh University, Ara, Bihar.

### Highlights

- The first college accredited by NAAC in Veer Kunwar Singh University.
- Located near the bank of the Sone River and Jharkhandi Mandir
- Close to the Indrapuri Barrage.
- Nearby attractions include the Tutla Bawani Temple and Maa Mundeshwari Temple.

## About the International Conference

The International Conference on Environment, Health, Climate Change, and Society, which Mahila College Dalmianagar, Dehri-on-Sone, Rohtas is organizing, will likely focus primarily on the vital connections between environmental issues, public health, climate change, and their

effects on society. The conference will look at how health outcomes are impacted by environmental degradation and how these challenges are becoming worse by climate change. In the context of social dimensions, it would be crucial to comprehend the social ramifications of environmental changes and health issues, taking into account the disproportionate impact on underprivileged people. Nevertheless, it would probably provide a forum for professionals, policymakers, and researchers to discuss the most recent findings, innovations, and methods associated with resilience to climate change and environmental health. With the goal of developing workable answers to the urgent global concerns of the environment, health, climate change, and societal implications, this conference would provide a substantial opportunity for knowledge sharing and collaboration.

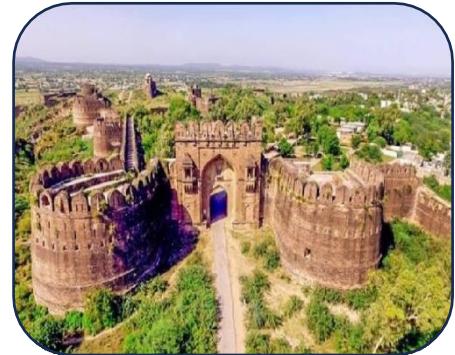

## **Benefits of Seminar**

Seminar will provide following benefits. 1- Publication opportunity in peer reviewed/ refereed research e-Journal. 2- Publication in referred seminar proceedings with 13 digits ISBN. 3- Proxy presentation for those who cannot attend the seminar.

## **Places to Visit**

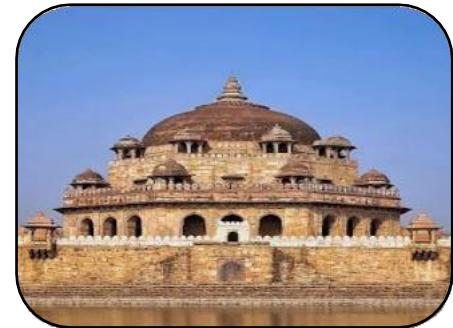

### **1. Rohtas Fort**

Rohtas was an integral part of the Magadha Empire from the sixth to the fifth century. It formed a separate region and joined the Shahbad district in 1972. Tarachandi and the old Rohtasgarh Fort are only two of the area's numerous noteworthy attractions. Rohtas is a well-liked tourist attraction because of its Mughal-era artwork, religious legacy, and historic temples. Like the rest of Bihar, Rohtas comes alive with colourful celebrations of holidays like Dussehra, Diwali, and Chhath Puja, making October through May the ideal time to visit the area. The celebratory décor and the zeal of the locals themselves contribute to the tourist experience.

### **2. Sher Shah Suri Tomb**

The tomb is located in the middle of a huge 22 acre pond that is 1,130 feet long (east to west) and 865 feet wide (north to south). To achieve to the main building, visitors must walk through a smaller domed monument north of the pond that was constructed for Sher Shah's concierge. The monument, which rises majestically with turrets on each of its three stories, is a prime example of Pathan architecture's greatest accomplishments. It was much more magnificent than the Taj Mahal, according to British archaeologist Alexander Cunningham.
